

Client Responsibilities Agreement

This agreement explains your responsibilities and Turning Point Ministries' commitments to you.

Updated January 2018

When you are selected as a candidate, you agree, by your initials and signature, to do several things, which Turning Point has outlined to maximize your potential for success as a homeowner. This agreement does not constitute a contract nor is it a loan guarantee. It is an agreement of understanding between Turning Point Ministries and you, the prospective homeowner.

The parties understand and agree that the real estate sales transaction contemplated herein will require execution of numerous separate documents, including but not limited to, purchase contract, promissory notes, assignments, deed restrictions, warranty deed and related documents.

Please INITIAL

_____ I have a particular need to live in Edmond. That need is _____

_____ I understand my house will be built with my labor as well as with volunteer labor.

_____ I understand my house will be constructed with a significant amount of donated money and materials. The amount of these donations for my home will be determined by Turning Point.

_____ I understand Turning Point does NOT build custom homes. The plan, lot, and decorating selections are determined by Turning Point.

_____ I understand Turning Point cannot guarantee completion dates.

_____ I am willing and able to wait two (2) years or more from the time I am qualified for a Turning Point home.

_____ I understand Turning Point homes are only built in Heritage Village in Edmond, Oklahoma.

_____ I understand a Background Check will be part of my application process and the information will be shared with the Turning Point Board.

_____ I understand I will be assigned a mentor who will be my contact with Turning Point during the construction of my home and through the closing. .

Sweat Equity:

You will pay for your home through an initial down payment, a monthly home mortgage, and through 200 volunteer hours called "sweat equity". All of our homeowners are required to complete 200 hours of sweat equity. Of the 200 hours, 100 must be completed by the homeowners, and 100 may be donated by friends and family. Half (100) of the hours must be completed working on Turning point projects, as they are available. (THE FIRST 50 HOURS ARE REQUIRED TO BE COMPLETED PRIOR TO WRITING

A CONTRACT.) Any deviation from this policy will be at the discretion of the Client Acquisition Team.

Most of the volunteer opportunities at Turning Point are performed in the heat or cold since most are completed prior to the installment of heat/air. If you believe that you are physically unable to safely complete these tasks under these conditions, you may obtain your hours at alternate sites. You are the only one who knows your physical limitations.

___ I understand that I must volunteer at my own health risk, and that Turning Point is not liable if I choose to perform activities on Turning Point Builds that are beyond my physical limitations or which violate orders from my physician.

You will be ready to close on your home mortgage when you have completed all of the Turning Point requirements, qualified for your loan, and your home is finished. Turning Point Ministries hosts a house dedication for your friends & family, and supporters of Turning Point Ministries when your home is complete.

You are expected to keep a record of your sweat equity hours using the Track it Forward website.

Regularly, you and your mentor will review your hours to see that you are progressing toward completion of your hours. Your mentor will help you find volunteer jobs so you can complete all your hours prior to the closing on your home. You should sign up for Turning Point volunteer hours via Turning Point's online system. Turning Point uses "Sign up Genius" to solicit our volunteers. You are responsible for giving your e-mail address to our volunteer coordinator so that you can be added to our volunteer database. This will ensure that you will be aware of all volunteer activities.

___ I agree to work toward completing all required "sweat equity hours" and will complete these hours prior to closing on my home.

___ I understand that if I do not meet the requirements outlined above, or if I am unable to make the commitments required, I will not be financially compensated for sweat equity hours my family/friends or I have provided.

Examples of work, which you may submit for consideration of your sweat equity plan:

- Turning Point workdays at your house or another's house
- Turning Point fundraising events
- Educational sessions
- Doing mailings and other clerical work
- Preparing and serving food to volunteers
- Raising funds and doing public-relations activities
- Participating in Turning Point special events
- Participating in other assigned community service activities

Sweat Equity work hours that will NOT be counted

- Hours where volunteers are present but not actively working
- Packing and moving

- Interior wall painting if you desire a color other than the standard color.
- HOA responsibilities

Turning Point is a partnership with our clients. We provide an opportunity for you to purchase a home, not give you a home. By working together, we develop a sense of partnership and mutual respect. It is as good to live in a home that you have helped build as it is to help build a home for someone else. Once you become a homeowner, we encourage you to “pay it forward” by helping someone else become a Turning Point homeowner.

Work at a construction site can be fun and rewarding. Partner clients are expected to work side by side with volunteers. When construction is scheduled, it is important to arrive on time, join in lunch and special celebrations, and help with cleanup at the end of the day. Construction skills are not necessary, but willingness to learn and a cooperative attitude are important attributes of a good partner. It takes a large circle of friends to build a Turning Point house and partner clients should be at the center of that circle working together to build communities...one house, one family at a time.

_____I agree to attend any required homeownership classes before a contract is written. Attendance will count toward sweat equity hours.

_____I agree to be an active productive member of my neighborhood community association.

_____I agree to attend all meetings scheduled by my mentor.

_____I agree to keep my mentor informed about changes in my family size or household income.

_____I understand Turning Point is a faith-based ministry and I will attend a dedication of my home, which will be held prior to occupancy. At the dedication I will receive the gift of a Bible.

_____I understand Turning Point encourages me to be a continuing partner in providing decent and affordable housing in our community. This includes, but is not limited to, construction, fundraising, and public relations for Turning Point projects.

_____I agree to follow all guidelines and policies established by Turning Point.

_____I understand my acceptance as a Turning Point partner is based on the information contained in my application. I will notify Turning Point as soon as possible if there is a significant change in my financial situation.

Closing Costs and Mortgage Payments

_____I agree to begin saving toward my \$1,000 down payment upon acceptance by Turning Point as a candidate. My down payment will be made at the time I sign a contract and will be accepted by Turning Point Ministries as earnest money.

_____I understand a final credit check will be performed prior to closing to ensure eligibility.

_____I agree to make monthly HOA (Home Owner’s Association) payments by automatic withdrawal from an authorized bank account

_____I understand the taxes, insurance and the homeowner association dues portion of the house payment may increase annually, adding to the amount of the total monthly payment.

Homeownership Commitments

_____I understand my well-kept property encourages volunteers and financial contributors to continue to support Turning Point's work. Therefore, I agree to accept responsibility for upkeep of my home and property as an example to the community. This means I will keep the walks cleared of snow, and the trash removed from my yard. I will keep the streetscape of my home/front porch/yard free of stored items, including toys, and grills. I agree to maintain the exterior of my home in good repair, including, but not limited, to painting when needed. I will store my trash and recyclable cans out of site of the street except on trash day. I agree not to park or store non-drivable motor vehicles on my property or in any visible location within the Turning Point community. If I move into Legacy Station where the lawn service is not part of the HOA fee, I agree to keep flowerbeds weeded and dead shrubs replaced. I will keep my grass mowed and the beds free of weeds.

_____I understand that failure to comply with the above may result in a fine from my neighborhood community association and, if not paid, will become a lien to my property.

_____I agree to use my garage and/or carport to park my car(s) and will not store personal property in open view of the street. I understand my garage or car/port is not to be converted into living space.

_____I agree not to rent or sublet my home or any portion of my home, except in special circumstances, which are approved by Turning Point.

_____I plan to live in my home, and am not purchasing this home as an investment property. At this time, I do not plan to sell this home in order to recover the instant equity I have in the home. This home is not a temporary housing situation for me.

_____I agree to perform all necessary repairs and maintenance to my Turning Point house. I understand that this upkeep may involve expenses in addition to my mortgage payment.

Homeowner Guidelines:

_____I understand my home will be determined by the size of my family and my ability to service my mortgage.

_____I understand all Turning Point homes are pre-built and will be sold on a "first qualified, first-served basis." Any deviation from the purchase order will be at the sole discursion of Turning Point.

_____I understand if I do not accept the pre-built home that I am offered, I may incur an extended wait for another property to become available.

_____I understand that certain gifts, supplies and contractor labor may be donated to Turning Point; however, no donation will be earmarked for an individual home purchase/price.

Turning Point provides decent, affordable housing and will build a home for you within our policy guidelines. We will comply with all applicable health, and building ordnances and codes. By signing this

agreement, you indicate you understand Turning Point will work with you in developing a simple, affordable home for you and your family.

When a closing is set, the appropriate documents will be signed. Your monthly house payments will include the payment of principal on the mortgage, insurance and property taxes.

_____ I understand that any variance to this agreement will require a written request and approval by the Turning Point board in order to be implemented.

Read and understood this day of _____, 20_____.
